OFFICE OF THE DIRECTOR OF FOOD SUPPLIES IN MYSORE, BANGALORE.

Notification dated 17th January 1945.

From an examination of the Trade Statistics respect of chillies for the last several years it is seen that Mysore State is heavily deficit for this commodity. The local production being inadequate imports were far in excess of exports. Now, however, partly due to difficulties of transport created by the war and in the main owing to restrictions on exports imposed by the adjoining Governments, the normal imports into the State are cut off.

2. It is true that particular kinds of chillies were being imported, while other kinds locally grown but not fancied locally were being exported. But as imports are totally cut off, exports have also to be prohibited.

3. In order to avoid the possibility of any shortage of supplies in the State and also with a view to conserve the indegenous production so as to make it available to the public at large in adequate quantities and at reasonable prices no exports of chillies can be allowed. The public are hereby informed that applications received for export of chillies will receive no attention of this office, until there is a change in the present conditions.
